

## **Oracle PartnerNetwork Oracle Validated Integration Announcement**

### **Alfasi Consulting, Inc. Achieves Oracle Validated Integration for Israeli Localization with Oracle JD Edwards EnterpriseOne**

The integration enhances a global enterprise's ability to support common global business flows for business users in Israel.

**DATELINE** – ALFASI CONSULTING, INC., a Gold level member of Oracle PartnerNetwork (OPN), today announced it has achieved Oracle Validated Integration of its Israeli Localization for Oracle JD Edwards EnterpriseOne 9.2. The Israeli Localization fulfills the legal and business requirements for companies using Oracle JD Edwards EnterpriseOne 9.2 in Israel. This includes enhanced functionality for compliance with Israeli tax laws, including withholding, VAT processing, and government-directed reporting and auditing processes.

To achieve Oracle Validated Integration, Oracle partners are required to meet a stringent set of requirements that are based on the needs and priorities of the customers. The validated integration fulfills the legal and business requirements for companies using JD Edwards EnterpriseOne in Israel enabling Israeli users to continue to use the same standard JD Edwards EnterpriseOne programs and business processes so they can be easily supported by their global IT organization.

“Our objective in developing the Israeli Localization for JD Edwards EnterpriseOne is to enhance our global customers' ability to support common global business processes with minimal impact from the localization,” said Paul Siegel, President of Alfasi Consulting, Inc. “The localization is successfully being used with several global companies with operations in Israel in diversified industries including medical devices, agriculture and retail.”

“Achieving Oracle Validated Integration gives our customers confidence that Alfasi's Israeli Localization for JD Edwards EnterpriseOne is functionally sound and performs as tested,” said David Hicks, vice president, Worldwide ISV Cloud Business Development, Oracle. “For solutions deployed on-premises, in the cloud, or both, Oracle Validated Integration applies a rigorous technical review and test process that helps to reduce deployment risk and improves the user experience of the partner's integrated offering.”

### **ALFASI CONSULTING, INC.**

Alfasi Consulting, Inc. specializes in Oracle JD Edwards EnterpriseOne, including Finance, Distribution, Manufacturing, Contract Billing, Service Billing, and Real Estate Management. Alfasi Consulting developed the only Israeli localization for JD Edwards EnterpriseOne registered with the Israel Tax Authority. The registration allows JD Edwards EnterpriseOne to be used and sold in Israel. For more information, visit

## **About Oracle Validated Integration**

Oracle Validated Integration, available through the Oracle PartnerNetwork (OPN), gives customers confidence that the integration of a complementary partner software product with an Oracle “on-premises” Application has been validated and the products work together as designed. This can help customers reduce risk, improve system implementation cycles, and provide for smoother upgrades and simpler maintenance. Oracle Validated Integration applies a rigorous technical process to review partner integrations and partners who successfully complete the program are authorized to use the “Oracle Validated Integration” logo. For more information, please visit Oracle.com at

## **About Oracle PartnerNetwork**

Oracle PartnerNetwork (OPN) Specialized is the latest version of Oracle's partner program that provides partners with tools to better develop, sell and implement Oracle solutions. OPN Specialized offers resources to train and support specialized knowledge of Oracle products and solutions and has evolved to recognize Oracle's growing product portfolio, partner base and business opportunity. Key to the latest enhancements to OPN is the ability for partners to differentiate through Specializations. Specializations are achieved through competency development, business results, expertise and proven success. To find out more visit <http://www.oracle.com/partners>.
